## ***Crain's Chicago Business* Names Kenway Consulting #63 out of 100 on its 2021 List of "Best Places to Work in Chicago"**

**CHICAGO, Friday, April 9, 2021** – [Kenway Consulting](#) today announced that it has been named one of the 2021 "Best Places to Work in Chicago" by *Crain's Chicago Business*.

Kenway was honored with a #63 out of 100 ranking on this year's prestigious list. The annual award recognizes local companies that excel in creating quality workplaces for their employees, with outstanding benefits and culture.

"We are both honored and humbled to once again be named to *Crain's* list of 'Best Places to Work in Chicago.' This past year has been full of challenges, yet through it all, we have relied on Kenway's strong, collaborative culture to help weather the storm and emerge stronger than ever," said Matt Kueker, CEO, Kenway Consulting. "Our employees remained positive, upbeat and committed to helping both clients and each other. I couldn't be more proud, and thank each and every one of them for making Kenway such an incredible place to work!"

The *Crain's* awards program, conducted in partnership with Best Companies Group, involved a two-step research process to determine exact rankings. The first step, worth 25% of each participating company's total score, evaluated workplace policies, practices and demographics. Step two, worth 75% of the total score, reviewed survey results from thousands of Chicago-area employees that asked questions about key workplace topics such as corporate culture and communication; relationships with management and co-workers; opportunities for career development and growth; and satisfaction with pay, vacation time, and benefits. Best Companies Group then analyzed the data and used its expertise to determine final rankings.

Kenway, along with Chicago's other 2021 "Best Places to Work," was honored today during a virtual event to unveil the rankings. Kenway is featured in a [detailed company profile](#) on the *Crain's Chicago Business* website, which will also appear in the publication's April 12 print edition.
